

CLIMATE DESTABILIZATION: OUR LONG EMERGENCY

Sunday, April 14, 2019, 6:30-8:30pm

SURVIVING PROGRESS

Ronald Wright, whose best-selling book, ***A Short History Of Progress***, inspired ***SURVIVING PROGRESS***, shows how past civilizations were destroyed by 'progress traps', alluring technologies and belief systems that serve immediate needs, but ransom the future.

This film explores the BIG question: if we keep doing what we've been doing, can we survive the consequences?

According to one reviewer the film is ...
"bristling with provocative insights and probing questions".
