

CLIMATE DESTABILIZATION: OUR LONG EMERGENCY  
Sunday, December 22, 2019, 6:30-8:00pm  
HONORING OUR WINTER SOLSTICE

"We have lost ways of harmonizing with the Holy Earth's rhythms in this 21st century due to hundreds of years of colonization, migration, and industrialization. As a result, many experience cultural and spiritual amnesia, a felt loss of sense of belonging to place and ways of relating with both the seen and unseen around us. We have lost those cyclical rituals which alchemize our becoming—how each of us harnesses the sacred for our own soul's evolution".

*"We are in need of a deeper story, one that reveals our own interior mystery to offset the counterfeit images given to us by a culture disconnected from the sacred" ~ Francis Weller*

Join us for a Winter Solstice ritual, to honor the rhythms of the earth.  
Including music and refreshments.  
You are invited to bring a poem or reading to share if you like.

*~ Free! Open to all! ~ ~ No experience needed ~*
